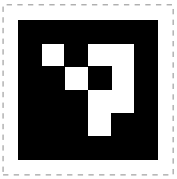
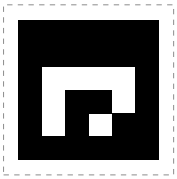
Black or Yellow corner markers: 2.25 x 2.25 cm (half a 4.5 cm cell).

Print on short bond at 100% / Actual size. The ruler must measure 10 cm.
Cut on the dashed line (keeps a thin white border). 3 spare sets; you need one set of 0-3.

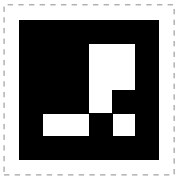
Set 1



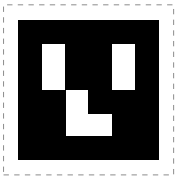
0: cell 1
top-left corner



1: cell 4
top-right corner

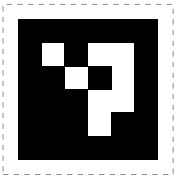


2: cell 16
bottom-right corner

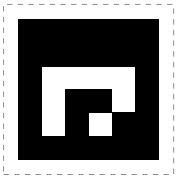


3: cell 13
bottom-left corner

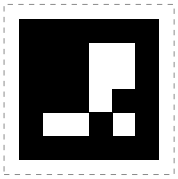
Set 2



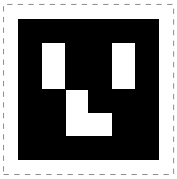
0: cell 1
top-left corner



1: cell 4
top-right corner

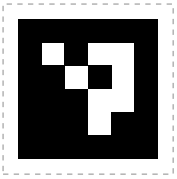


2: cell 16
bottom-right corner

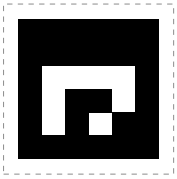


3: cell 13
bottom-left corner

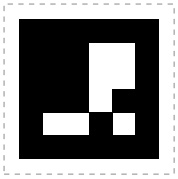
Set 3



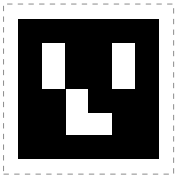
0: cell 1
top-left corner



1: cell 4
top-right corner



2: cell 16
bottom-right corner



3: cell 13
bottom-left corner

Placement (as the camera sees the board): marker 0 in the top-left corner of cell 1, 1 in the top-right corner of cell 4, 2 in the bottom-right corner of cell 16, 3 in the bottom-left corner of cell 13. Edges along the board edges, glued flat. Each marker covers a quarter of its cell; the rest of the colour stays visible. A ball on a marker counts as that cell's colour.
